

2011 – 2012 IHSFAPolicy Debate Novice Case Areas

The following topics are the only affirmative case areas that novices can run until December 1; at which time the topic becomes the NFL topic. Novices are also unable to run Counterplans and/or Kritiks of the resolution until December at any IHSFA sponsored tournament

- 1. The United States Federal Government should substantially increase its development of space by instituting a system of space-based solar powered satellites.**
- 2. The United States Federal Government should substantially increase its development of space by instituting a space-based ballistic missile defense system.**
- 3. The United States Federal Government should substantially increase its exploration and/or development of the moon by establishing a lunar mining program.**
