

2009-2010 Novice Policy Case Areas

Below are the four case areas that Novice Policy Teams are allowed to run at tournaments. If your novice teams want to compete at the novice level, their aff. Case MUST be focused on one of the four areas below. If they don't want to use these areas, they need to compete in JV. Also, remember that novice teams are not allowed to run critiques or counterplans.

These restrictions are in place until December. After Thanksgiving, novices are allowed to expand their case options to their choice, if they desire.

1. Expand Medicaid to cover all persons living in poverty
2. Expand Food Stamps to cover all persons living in poverty
3. Expand housing services for homeless veterans
4. Expand higher education assistance for persons living in poverty
